Key Benefits

Death Benefit

Upon death of the Life Insured during the policy term, provided the policy is in force and all due premiums till the date of death have been paid, Death Benefit will be payable to the nominee/beneficiary immediately on death.

For Single Pay,

Death Benefit is the Sum Assured on Death, which is the highest of:

- 1) 1.25 times Single Premium
- 2) Absolute amount assured to be paid on death equal to the Sum Assured

For Regular and Limited Pay,

Death Benefit is the Sum Assured on Death, which is the highest of:

- 1) 11 times Annualized Premium*
- 2) 105% of Total Premiums Paid as on date of death
- 3) Absolute amount assured to be paid on death equal to the Sum Assured

Annualized Premium shall be the premium payable in a year chosen by the policyholder, excluding the taxes, rider premiums, underwriting extra premiums and loadings for modal premiums, if any.

Total Premiums Paid means total of all the premiums received, excluding any extra premium, any rider premium and taxes.

Further, In case of Joint Life Variant:

- Upon the death of the Primary Life Insured, provided the Secondary Life Insured is alive, the policy is in-force and all due premiums till the date of death have been paid:
 - Death Benefit shall be payable immediately on death of Primary Life Insured.
 - Subsequent premiums for the surviving Secondary Life Insured will be waived off and cover for Secondary Life Insured will continue for the remaining policy term.
- Upon the death of Secondary Life Insured, provided the Primary Life Insured is alive, the policy is in-force and all due premiums till the date of death have been paid:
 - Death Benefit shall be payable immediately on death of Secondary Life Insured.
 - The policy shall continue with premiums payable towards the risk cover for the Primary Life Insured.
- In case of simultaneous death of both lives, provided the policy is in-force and all due premiums till the date of death have been paid, the Death Benefit will be payable immediately on death

Under Single Life Cover, In case of the death of the Life Insured during the Grace Period, the Death Benefit after deducting the unpaid due premium shall be payable and the Policy will be terminated.

Under Joint Life Cover, In case of death of either of the Life Insured during the Grace Period, the Death Benefit after deducting the unpaid due premium shall be payable and the Policy will continue for the surviving life insured.

In case of simultaneous death of both the Life Insureds during the Grace Period, the Death Benefit after deducting the unpaid due premium shall be payable and the Policy will be terminated.

In case of the death of the Life Insured while the Policy is in Lapse status and it is not revived within revival period, no benefit shall be payable and the Policy will automatically terminate.

Death Benefit Payout

At inception of the policy, the policyholder can choose the Death Benefit Payout from one of the three options below:

1) Lumpsum:

Under this mode, 100% of the Death Benefit will be paid immediately on death as lumpsum.

2) Monthly Income:

- Under this mode, for all options excluding One Year Policy Term, the Death Benefit will be paid as 1.04% of the Sum Assured every month in the form of Monthly Income, payable for 10 years (120 installments) with the first installment being payable immediately on death.
- Under One Year Policy Term, Death Benefit will be paid as 1.0% of the Sum Assured every month in the form of Monthly Income, payable for 10 years (120 installments)

3) Lumpsum plus Monthly Income:

Under this mode, for all options excluding One Year Policy Term (OYT), 50% of the Death Benefit will be paid immediately on death as lumpsum and the remaining 50% of the Death Benefit will be paid as 0.93% of the total Sum Assured every month in the form of Monthly Income, payable for 5 years with the first installment being payable immediately on death.

The nominee shall have an option to take the Monthly Income as a lump sum. This option is only available at the time of death before the payment of the first installment. The lump sum shall be calculated as a Present Value of Monthly Incomes discounted at 5% p.a. This rate may be revised subject to prior approval from IRDAI. This option is not available for One Year Policy Terms (OYT).

Under One Year Policy Term (OYT), the nominee shall receive the lump sum or the monthly income payout, as chosen at policy inception. The payment of the first installment of the monthly income payout will be immediately on the date of death.

In case the nominee dies during the monthly income payout period, the present value of the outstanding Monthly Incomes shall be paid to as a lump sum to the legal heir of Life Insured's. The lump sum shall be calculated as the Present Value of outstanding Monthly Incomes discounted at 5% p.a. This rate may be revised subject to prior approval from IRDAI.

Maturity Benefit – Only for Return of Premium Option

In case the Life Insured survives till maturity and all due premiums have been paid till the date of maturity, the Sum Assured on Maturity will be payable on the date of maturity.

Sum Assured on Maturity is defined as Total Premiums Payable during the policy term, where premiums are inclusive of modal loadings but exclusive of any extra underwriting premiums, taxes and rider premiums.

No Maturity Benefit shall be payable for Without Return of Premium option.

Increase Sum Assured during the policy term

Under To Age policy terms, for regular premium payment option and Limited Pay (Pay till Age 60) option, the policyholder will have an option to increase the Sum Assured twice during the policy term without undergoing any further medical examination, provided that at the time of exercising this option, the outstanding policy term is at least 10 years and the policyholder's age is not over 45 years age last birthday. The Sum Assured can be increased by an amount equal to 50% of the Sum Assured chosen at inception. The option to increase Sum Assured has to be chosen at inception of the policy. This option is not available under Single Premium or Joint Life option or With Return of Premium Options.

The cumulative increase of Sum Assured is capped to 100% of the Sum Assured chosen at inception. The increase in Sum Assured shall be effective from the policy anniversary following the exercise of the options. Additional premium shall be collected for the additional Sum Assured, where the premium rate shall be based on the age of the policyholder and the outstanding duration of the policy, as at the policy anniversary following the selection of the option.

Tax Benefits

You may be eligible for tax benefits on the premiums paid as well as the benefits received as per the prevailing tax laws. The tax benefits are subject to change as per change in tax laws from time to time.

Special Exit Value

You will have the option to surrender the policy during the Special Exit Year and receive a Special Exit Value equal to the total premiums paid (excluding applicable taxes and rider premiums). The policy along with the attached riders shall be terminated once this benefit is availed.

The Special Exit Year is defined as the earlier of:

- The policy year in which the policyholder attains the age of 65 years (age last birthday) and the Policy should have completed 20 years or
- 25th policy year for policies with a policy term of 40 to 44 years or
- 30th policy years for policy terms greater than 44 years.

This benefit will be offered to policies which fulfil the following conditions:

- The policy must be in-force at the time of availing this value.
- This is not applicable for Return of Premium variant, Joint Life Variant and Increasing Sum Assured Benefit is not chosen.
- Policy term must be equal to or greater than 40 years.

Case Study

How does the plan work

Scenario 1: Mr. Mohan is a 35 year old non-smoker salaried professional. His family consists of his wife and a son. He is worried about the uncertainties in life and realizes the need for protection in his fast-paced life. He wants to ensure that his family's needs are taken care of in case of his death and wants an insurance solution to this.

Mr. Mohan decides to purchase Bharti AXA Life Suraksha –Single Life (without return of premium) for a policy term of To Age 85 years regular pay and opts for Lumpsum payout option.

He wants a Sum Assured of Rs. 1,00,00,000 for which he pays a premium of Rs. 26,300 p.a. (exclusive of taxes)

Case 1:

In case of death of Mr. Mohan during the policy term, his family would receive death benefit of Rs. 1 Cr. immediately on death.

Case 2:

Mr. Mohan continues to live a healthy life and at the age of 40 years, he gets a promotion. Mr. Mohan and his wife have a second child. This is a major milestone in Mr. Mohan's life and due to increased responsibilities, he wants to increase the original life cover by 50% so as to secure both his children and his wife in case of any unfortunate event.

Based on the increased protection, Mr. Mohan's Sum Assured increases to Rs. 1.5 Cr for which he pays an additional premium of Rs. 16,300 p.a. (exclusive of taxes) i.e. total premium of Rs. 42,600 p.a. for the remaining 45 years of the policy term.

In case of Mr. Mohan's death within 85 years of age, his family would receive Rs. 1.5 Cr immediately on death.

In case Mr. Mohan survives till the end of the Policy Term and all due premiums have been paid till the date of maturity, no Maturity Benefit will be payable.

Scenario 2: Nikhil is a 40 year old non-smoker working in a MNC, married to Neha who is 35 year old Homemaker and they have a new born daughter Aisha. Nikhil is aware of his new additional responsibilities and wants to protect his family against all future uncertainties. He wants a cover

that will provide life cover to both him and his wife and decides to buy Bharti AXA Life Suraksha – Joint Life (without return of premium) for a policy term of 35 years regular pay and opts for Lumpsum payout option. He wants a Sum Assured of Rs. 1,00,00,000 for himself and a Sum Assured of Rs. 50,00,000 for his wife, for which he pays a total premium of Rs. 40,150 (exclusive of taxes)

Case 1:

In case of death of Nikhil during the policy term, his wife, Neha would receive death benefit of Rs. 1 Cr. immediately on death, the future premiums for life cover of Neha will be waived off and the policy will continue for the remaining term.

Case 2:

In case of death of Neha during the policy term, Nikhil would receive death benefit of Rs. 50 Lakhs immediately on death, the future premiums for life cover of Nikhil will have to be paid and the policy cover will continue for the remaining term.

Case 3:

In case of simultaneous death of both the Nikhil and Neha, the total death benefit of Rs. 1.5 Cr will be paid to the nominee under the policy and the policy will terminate.

Scenario 3: Sarika is a 40 year old non-smoker and a salaried professional. Her family consists of her husband and a daughter. She is worried about the uncertainties in life and realizes the need for financial protection in life. She wants to ensure that her family's needs are not compromised in case of her death and wants an insurance solution to this.

Sarika decides to purchase Bharti AXA Life Suraksha (with return of premium) for a policy term of 25 years regular pay and opts for Lumpsum payout option.

She wants a Sum Assured of Rs. 1,00,00,000 for which she pays a premium of Rs. 40,900 p.a. (exclusive of taxes)

Case 1:

In case of death of Sarika during the policy term, her family would receive death benefit of Rs. 1 Cr. immediately on death.

In case Sarika survives till the end of policy term i.e. till she turns 65 years, Rs. 10,22,500 (40,900*25) (all the premiums collected) will be paid out in Lumpsum at the end of Policy term.

What premiums do I need to pay?

Premium applicable to You will depend on Your age, gender, policy term, premium payment term, sum assured bands, plan option chosen and smoker status. Please note that the premiums applicable will be different for standard as well as substandard lives.

Premium payment mode:

You may choose monthly*, quarterly*, semi-annual or annual premium payment mode. The factors applicable for each mode are as given below:

Mode	Modal Factor
Single	1
Annual	1 of Annualized Premium
Semi-Annual	0.51 of Annualized Premium
Quarterly*	0.26 of Annualized Premium
Monthly*	0.0867 of Annualized Premium

*Through auto pay only

Advance Premium

For monthly premium payment mode policies the Company may accept 3 months premium in advance only on the date of commencement of the policy.

In case of advance premium:

- Collection of advance premium shall be allowed within the same financial year for the premium due in that financial year
- The premium so collected in advance shall only be adjusted on the due date of the premium.

What happens if I am unable to pay premiums?

While we recommend that all your premiums be paid on the respective due dates, we also understand that sudden changes in lifestyle like an increase in responsibility or an unexpected increase in household expenses may affect your ability to pay future premiums. You have following flexibilities in order to ensure that your benefits under the policy continue in full or part.

Grace Period:

Grace period is the period after the premium due date, during which you may pay your premiums without any impact on the policy benefits. Except for Single Premium Policies, The grace period is 15 days for monthly mode and 30 days for annual/ semi-annual/ quarterly premium payment modes.

In case of the death of the Life Insured (or on simultaneous death of both the Life Insured's in Joint Life option) during this period, the Death Benefit shall be payable after deducting the unpaid due Premium and the Policy will be terminated.

In case of the death of either of the Life Insured in the Joint Life Option during the Grace Period, the Death Benefit after deducting the unpaid due premium shall be payable.

During the Grace Period, the policy will be in force including risk cover under the Rider.

Lapsation:

For Without Return of Premium Variant, Single Life policies In case you do not pay the due premiums within the Grace Period, the policy will lapse with effect from the date of such unpaid premium ('lapse date') and your insurance cover will cease to exist.

For Without Return of Premium Variant, Joint Life policies – In case the Primary Life Insured does not pay the due premiums within the Grace Period, the policy for both Lives Insureds shall lapse with effect from the date of such unpaid premium ('lapse date').

If Secondary Life Insured does not pay the due premiums within the Grace Period, the policy for Secondary Life Insured shall lapse with effect from the date of such unpaid premium ('lapse date'). The cover for Primary Life Insured shall continue provided the premiums are paid.

For With Return of Premium, In case you do not pay the due premiums within the Grace Period and before the policy acquires surrender value, the policy shall lapse with effect from the date of such unpaid premium ('lapse date').

If a Policy in lapsed status is not revived within the revival period, the Policy shall be terminated and no benefits shall be payable.

If a Policy in lapsed status is revived within the revival period, all benefits will be restored.

Revival:

You have the flexibility to revive your lapsed policy within the revival period of five years after the due date of the first unpaid premium, subject to the terms and conditions the Company may specify from time to time.

For Revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and applicable taxes. The revival interest rate may be changed by the Company from time to time, subject to prior approval from IRDAI. The revival interest rate will be a simple interest rate calculated on the 1st of April every year and will be derived as average of last six months 10 year G.Sec* yield of the immediate last financial year plus 0.5%. The current revival rate of interest for FY 22-23 is 7.15% p.a. simple interest. Once the policy is revived, you are entitled to receive all benefits under your policy.

Can I surrender my policy?

We would want you to pay premiums regularly till the end of your premium payment term to get maximum benefits under the policy. However in case you are not able to pay all premiums and want to exit the policy earlier then only an unexpired risk premium or surrender value, whichever applicable, will be payable to you.

Surrender Value:

Without Return of Premium

- Under Limited Pay, the policy acquires an Unexpired Risk Premium after the payment of two annualized premiums for all Limited Pay options.
- Single pay option shall acquire an unexpired risk premium immediately.
- No Unexpired Risk Premium will be payable for regular pay option and One Year Term option.
- The Unexpired Risk Premium will be payable immediately on surrender.
- Under Joint Life policies:
 - In case the Primary Life Insured surrenders, the Unexpired Risk Premium shall be payable immediately to both Lives Insured and cover terminates for both the lives.
 - In case the Secondary Life Insured surrenders the policy, the Unexpired Risk Premium shall be payable immediately to the Secondary Life Insured and the cover for the Primary Life Insured will continue.
 - In case the waiver of premium is triggered, no Unexpired Risk Premium shall be payable to the Secondary Life Insured.

Unexpired Risk Premium shall be payable as per the formula below:

$$\text{Unexpired Risk Premium} = 70\% \times P \times (U/T) \times (P/PP)$$

where:

P = Premiums paid till date of surrender excluding applicable tax, modal loadings and underwriting extra, if any

U = Outstanding Policy Term (in months)

T = Policy Term (in months)

PP = Total Premiums payable excluding applicable tax, modal loadings and underwriting extra, if any

Return of Premium Option

The Policy acquires a Surrender Value after payment of two annualized premiums.

On Surrender of the Policy, the higher of the Special Surrender Value (SSV) or Guaranteed Surrender Value (GSV) shall be payable.

Guaranteed Surrender Value (GSV) = Guaranteed Surrender Value Factor * Total of premiums paid till Date of Surrender (excluding any underwriting extra and any applicable taxes)

The Guaranteed Surrender Value factors (as a % of Premiums Paid for Single Pay) are as mentioned in the table below:

Premiums Paid	GSV Factors
1-3	75%
4 and above	90%

The Guaranteed Surrender Value factors (as a % of Premiums Paid for Regular and Limited Pay) are as mentioned in the table below:

Premiums Paid	GSV Factors
1	0%
2	30%
3	35%
4 - 7	50%
8 and above	51% - 90%

The Company shall declare Special Surrender Values at such other rates not less than the Guaranteed Surrender Values specified above. These rates are non-guaranteed and may be changed from time to time, subject to prior approval from IRDAI.

Special Surrender Value (SSV) = Total of premiums paid till Date of Surrender (excluding any underwriting extra and any applicable taxes) * SSV Factor/1000

Surrender of the policy shall extinguish all the rights and benefits under the Policy.

Paid-Up Benefit:

The policy will be in Paid Up status if at least two Annualized Premiums have been paid and thereafter Premiums are not paid within the Grace Period. Paid Up Benefits will be applicable only for the Return of Premium Option. If the Policyholder does not pay the due premiums within the Grace Period, the Policy shall be converted into Paid Up on expiry of the Grace period. Once the Policy becomes Paid Up, all the benefits under the Policy would be reduced and calculated as given below.

Paid Up Benefits	Paid Up Benefits Payable
Death	Paid Up Sum Assured on Death (payable in the form of death benefit opted at the time of inception)
Maturity	Paid Up Sum Assured on Maturity
Surrender	<p>Higher of:</p> <ul style="list-style-type: none"> Special Surrender Value (SSV) = Total of premiums paid till Date of Paid-up (excluding any underwriting extra and any applicable taxes)* SSV Factor/1000 Guaranteed Surrender Value (GSV) = Guaranteed Surrender Value Factor * Total of premiums paid till Date of Paid-up (excluding any underwriting extra and any applicable taxes)

Paid up Sum Assured on Death = (No of Premiums received / No of Premiums payable) X Sum Assured on Death;

Paid up Sum Assured on Maturity = (No of Premiums received / No of Premiums payable) X Sum Assured on Maturity

The timing of the reduced benefits under a paid up policy remains unaltered.

Loans against Policy

Loan is not available under the policy.

Lower rates for Female

There will be a 3 year age setback over males' rates for female lives for fixed terms and separate rates for To Age policy terms which will be lower than corresponding male rates. For example, female rate for age 35 is equal to male rate of age 32. Premium rates for female lives aged 18 to 21 years are equal to the premium rates for a male life aged 18 years. For To Age policy Terms, premium rates for female lives have been derived separately. Transgender lives will follow female rates.

Lower rates non-smokers

There will be lower rates for Non-Smoker lives, for non-OYT policy term.

Terms and conditions

Free-look option

If Policyholder disagrees with any of the terms and conditions of the Policy, there is an option to return the original Policy along with a letter stating reason/s within 15 days of receipt of the Policy Document in case of offline policy and within 30 days of receipt of the Policy in case of electronic Policy & a policy sourced through distance marketing (i.e. online sales). The Policy will accordingly be cancelled and the Company will refund an amount equal to the Premium paid and may deduct a proportionate risk premium for the period on cover, the medical expenses incurred by the Company (if any) and the stamp duty charges. All rights under this Policy shall stand extinguished immediately on cancellation of the Policy under the free look option.

All rights under this Policy shall stand extinguished immediately on cancellation of the Policy under the free look option.

If the Policy is opted through Insurance Repository (IR), the computation of the said Free Look Period will be as stated below:-

For existing e-Insurance Account: For the purpose of computation of the said Free Look Period, the date of delivery of the e mail confirming the credit of the Insurance Policy by the IR shall be reckoned as the starting date.

For New e-Insurance Account: If an application for e-Insurance Account accompanies the proposal for insurance, the date of receipt of the 'welcome kit' from the IR with the credentials to log on to the e-Insurance Account(e IA) or the delivery date of the email confirming the grant of access to the eIA or the delivery date of the email confirming the credit of the Insurance policy by the IR to the eIA, whichever is later shall be reckoned for the purpose of computation of the free look period.

Suicide Exclusion

In case of death due to suicide within 12 months from the date of commencement of risk under the policy or from the date of revival of the policy, as applicable, the nominee or beneficiary of the policyholder shall be entitled to at least 80% of the total premiums paid till the date of death or the surrender value available as on the date of death whichever is higher, provided the policy is in force.

For Joint Life, the suicide exclusion described above applies in the event of suicide of either the Primary Life Insured or the Secondary Life Insured.

In the event of suicide of Secondary Life Insured, the life cover shall continue for the Primary Life Insured subject to payment of premiums.

In the event of suicide of Primary Life Insured, the policy will be terminated for both Lives Insureds and the nominee or beneficiary shall be entitled to at least 80% of the total premiums paid by both Lives Insureds till the date of death of Primary Life Insured or the surrender value available to both Lives Insureds as on the date of death, whichever is higher.
