Advance Premium

For monthly premium payment mode policies, the Company may accept 3 months' premium in advance only on the date of commencement of the policy.

In case of advance premium:

- Collection of advance premium shall be allowed within the same financial year for the premium due in that financial year.
- The premium so collected in advance shall only be adjusted on the due date of the premium.

What happens if I am unable to pay premiums?

We recommend that you pay all your premiums on the respective due dates to enjoy the policy benefits. However, we also understand that sudden changes in lifestyle like an increase in responsibility or an unexpected increase in household expenses may affect your ability to pay future premiums.

You have the following flexibilities in order to ensure that your benefits under the policy continue in full or part.

Grace Period: Grace period is the period after the premium due date, during which you may pay your premiums without any impact on the policy benefits. During the grace period, the policy is in force including risk cover under the Rider. The grace period is 15 days for monthly mode and 30 days for annual/ semi-annual/ quarterly premium payment modes.

In case of the death of the life insured during the Grace Period, the death benefit after deducting the unpaid due premium shall be payable. The nominee will not have any rights or obligations except to receive the benefits under the policy.

If the policy has not acquired Surrender Value:

If you stop paying premiums anytime in the first two years, your policy will lapse after the completion of grace period and your insurance cover will cease to exist. You can revive the policy within the period allowed for the **revival of the policy**. **At the end of the revival period, if the policy is not revived, then the policy will be terminated and no benefits will be payable.**

Note that in case of Single pay, the policy acquires surrender value immediately on payment of the single premium.

If the policy has acquired Surrender Value:

If you stop paying premiums any time after you have completed payment of premiums for two full years, your policy will be converted into a paid-up policy, and all the guaranteed benefits under the policy would be **reduced and calculated as given below**. **You have the option to revive the policy within the period given for the revival of the policy. At the end of the revival period, if the policy is not revived then the policy will continue in paid-up status and only the paid-up benefits will be payable.** The timing of the survival benefits payable under paid-up policies will be the same as for the premium paying policy.

The revival interest rate may be changed by the company from time to time, subject to prior approval from IRDAI. The revival interest rate will be calculated on the 1st of April every year and will be derived as average of last six months 10 year G.Sec* yield of the immediate last financial year plus 2%. The current revival rate of interest for FY 23-24 is 9.48% p.a.

Provisions regarding Policy not being called into question in terms of Section 45 of the Insurance Act, 1938, as amended from time to time.

01. No Policy of Life Insurance shall be called in question on any ground whatsoever after expiry of 3 years from

- a. the date of issuance of Policy or
- b. the date of commencement of risk or
- c. the date of revival of Policy or
- d. the date of rider to the Policy

whichever is later.

whichever is later.

For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.

03. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance Policy:

- a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
- b. The active concealment of a fact by the insured having knowledge or belief of the fact;
- c. Any other act fitted to deceive; and
- d. Any such act or omission as the law specifically declares to be fraudulent.

04. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak.

05. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Insured/beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such misstatement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the Policyholder, if alive, or beneficiaries.

06. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which Policy was issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the Policy of life insurance is based.

08. Misstatement of or suppression of the fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance Policy would have been issued to the insured.

09. The insurer can call for proof of age at any time if he is entitled to do so and no Policy shall be deemed to be called in question merely because the terms of the Policy are adjusted on subsequent proof of age of Life Insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
