How does this product work?

Bharti AXA Life Dhan Varsha is a Non-Linked Participating Individual Life Insurance Savings Plan. You pay premiums for the premium payment term chosen. For the illustration below, we are choosing a policy term of 25 years with a premium paying term of 15 years.

From the end of the 7<sup>th</sup> Policy Year, cash bonuses (if declared) will be paid out every year till Maturity or Death whichever is earlier.

From the end of the 10<sup>th</sup> year, the Guaranteed Survival Benefit will begin which continue till Maturity (except in the Policy Year coinciding with Maturity) or Death whichever is earlier.

On Maturity, the Sum Assured on Maturity is paid out.

**What premiums do I need to pay?**

Premium rates applicable to you will depend on your age, gender, premium payment term, policy term and the selected Sum Assured. Depending on the Sum Assured chosen in case of Sum Assured greater than ₹300,000 there is a discount applicable on the premium rates.

*Please note that the premiums applicable will be different for standard and substandard lives.*

- o Premium payment mode:  
You may choose monthly, quarterly, semi-annual or annual premium payment mode.

Mode	Modal Factor
Monthly	0.0867 of Annualized Premium
Quarterly	0.26 of Annualized Premium
Semi-Annual	0.51 of Annualized Premium

**Applicable taxes (if any) & Cess will be levied as per prevailing rates.**

**What happens if I am unable to pay premiums?**

While we recommend that all your premiums be paid on the respective due dates, we also understand that sudden changes in lifestyle like an increase in responsibility or an unexpected increase in household expenses may affect your ability to pay future premiums. You have following flexibilities in order to ensure that your benefits under the Policy continue in full or part.

**Grace period:**

Grace period is the period after the premium due date, during which you may pay your premiums without any impact on the Policy benefits. The grace period is 15 days for monthly mode and 30 days for annual/ semi-annual/ quarterly premium payment modes..

**If Policy has not acquired a Surrender Value:**

In case you do not pay the premiums within your grace period, your policy will lapse and your insurance cover will cease to exist. You can revive the policy within the period allowed for revival of the policy. At the end of the revival period if the policy is not revived then the policy will be terminated and no benefits will be payable.

**If Policy has acquired a Surrender Value:**

In case you do not pay the premiums within your grace period, your policy will be converted into paid up. You have the option to revive the policy within the period given for revival of the policy. At the end of the revival period if the policy is not revived then the policy will continue in paid up status and the paid up value will be payable as specified below.

**Reduced Paid up Value** Provided that the Premiums have been paid for at least two consecutive years and if any subsequent premium has not been paid within the Grace Period, the benefits payable under the Policy shall reduce and will be as follows:

Paid Up Benefits	Benefit Payable
Maturity	Paid up Sum Assured on Maturity
Death	Paid up Sum Assured on Death
Survival Benefit	$6\% \times \frac{\text{Sum Assured} \times \text{Number of Premiums paid}}{\text{Number of Premiums payable}}$
Surrender	Special Surrender Value Factors x Sum Assured x $\left(\frac{\text{Number of premiums paid}}{\text{Number of Premiums payable}}\right)$

Where,

Paid up Sum Assured on Maturity =  $\frac{\text{Number of Premiums paid} \times \text{Sum Assured on Maturity}}{\text{Number of Premiums Payable}}$

Paid up Sum Assured on Death =  $\frac{\text{Number of Premiums paid} \times \text{Sum Assured on Death}}{\text{Number of Premiums Payable}}$

**Once the Policy becomes Paid Up, it will cease to participate in any future bonuses that may be declared by the Company.**

**Revival:** You have the flexibility to revive all the benefits under your policy within five years after the due date of the premium in default. However, the Company would require:

- A written application from you for revival;
- Satisfactory evidence of insurability
- Payment of an amount equal to all unpaid premiums together with interest at such rate as the Company may charge for such Revival, as decided by the Company from time to time, subject to prior approval from IRDAI. The revival interest rate will be calculated on the 1<sup>st</sup> of April every year and will be derived as average of last six months 10 year G.Sec\* yield of the immediate last financial year plus 0.5%. The revival rate of interest for FY 19-20 is 8.04%.
- Terms and conditions as may be specified by the Company from time to time.

*\*The source of 10 year G-sec is The Clearing Corporation of India Ltd (ccilindia.com) Negotiated Dealing System – Order Matching (NDS-OM) Platform.*

If you revive the policy during the revival period then all benefits will be revived.

## Can I surrender my policy?

We would want you to pay premiums regularly and stay invested till Maturity to get maximum benefits under the policy. However in case you are not able to pay all premiums and want to exit the policy earlier then only surrender value will be payable to you.

**Surrender Value:** The Policy acquires a Surrender Value provided if at least two annualized premium have been paid. On Surrender of the policy, higher of the Special Surrender Value (SSV) and the Guaranteed Surrender Value (GSV) shall be payable to the policyholder.

The Guaranteed Surrender Value is equal to the Guaranteed Surrender Value factors multiplied by the cumulative Premiums paid till Date of Surrender less sum of all Survival Benefits paid till date of surrender, will be payable as lump sum amount.

The Guaranteed Surrender Value Factors as a percentage of cumulative premiums paid are as mentioned in the table below:

Policy year	Premium Payment Term	
	10 Years	15 Years
1	0%	0%
2	30%	30%

The Company shall declare Special Surrender Values at such other rates not less than the Guaranteed Surrender Values specified above. These rates are not guaranteed and will be declared by the company from time to time, subject to prior Approval from IRDAI.

The Surrender Value payable will be subject to any statutory or any other restrictions as may be applicable. Surrender of the Policy shall extinguish all the rights and benefits of the Policyholder under the Policy.

## How does the policy help me in case of a financial crunch?

- o **Loans under policy:** Financial burdens cannot be predicted and may arise at any time. Hence this Policy offers you the flexibility to take a loan from the Company. This is only possible if all your premiums due under the Policy are paid and the Policy has acquired Surrender Value. The maximum amount of loan will not exceed 70% of the acquired Surrender Value. The loans given under the Policy are as per the Policy provisions.
  1. The loan shall carry interest at the rate specified by the Company at the time of advancing the loan. The loan interest rate will be equal to the prevailing 10 year GSec\* rate plus 3%. The interest rate in a Policy loan is not guaranteed and could be reviewed by the Company on 1st of April every year. The interest rate on loan for FY 19-20 is 10.35%.
  2. The Policyholder shall assign the Policy absolutely to, and be held by, the Company as security for repayment of the loan and interest thereon;
  3. The interest shall be calculated on a daily basis and the Policyholder can choose the method and frequency of billing of the loan interest amount.

4. The loan amount plus the outstanding interest will be adjusted against any benefits payable to the Policyholder
5. In case the Policy results in a claim before the repayment of the loan in full with interest, the Company shall be entitled to recover the outstanding loan and interest from any monies payable under the Policy;
6. In case the Policy is in Paid Up status, then the outstanding loan amount together with the interest shall not be equal to or exceed the Surrender Value of the Policy at any point of time. In case the outstanding loan amount with interest is greater than or equal to the Surrender Value, the Policy shall stand terminated and all future benefits will cease to exist. In-force premium paying/fully Paid Up Policy will never be cancelled for any contingencies arising from Policy loan payments.
7. The minimum amount of loan under this Policy is Rs.15,000.
8. The loan amount will not exceed 70% of the Surrender Value.

Sum Assured on Maturity	₹10,85,069	
Guaranteed Survival Benefit (from end of 10 <sup>th</sup> Policy Year)	₹65,104 p.a.	
Total Guaranteed Benefit received over policy term of 25 years	₹20,61,629

9. The insurer can call for proof of age at any time if he is entitled to do so and no Policy shall be deemed to be called in question merely because the terms of the Policy are adjusted on subsequent proof of age of life insured.
