## Case Study

### How does the plan work?

Siddharth is 45 years and has a 17-year-old daughter. He is looking to make an investment to cover the expenses of his daughter when she grows up, like marriage, education and for times when he is not around. Having evaluated the various options available to him, he decides to buy a savings life insurance product- it will offer him guaranteed returns, life insurance coverage as well as tax benefits.

### Scenario 1- Single Life

Siddharth decides to buy Bharti AXA Life Smart Invest Guaranteed Plan and opts for a single premium payment and option 1(Lower Life cover) with a policy term of 5 years.

He wants to pay a premium of Rs. 1,00,000 (exclusive of applicable taxes, rider premiums, underwriting extra premiums, if any). The Sum Assured at Maturity under his Policy is Rs. 1,34,311.

The below cases illustrate the benefits that Siddharth would receive under this plan.

#### Case I: On survival till policy maturity

Siddharth pays all the due premiums and survives till the end of the Policy Term. At maturity, he receives a lumpsum Maturity Benefit of Rs. 1,34,311.

<b>Total Premium Paid (Rs.)</b>	1,00,000
<b>Benefits Payable</b>	<b>Benefit Amount (Rs.)</b>
Sum Assured on Death	1,40,000
Maturity Benefit at the end of 5 <sup>th</sup> Year	1,34,311

#### Case II: Incase of death during policy term:

In case of death of Siddharth during the policy term in the 3<sup>rd</sup> year, his family would receive Death Benefit of Rs. 1,40,000 immediately on death and the policy will terminate.

### Scenario 2- Joint Life

Siddharth and his wife, Nisha who is 40 years want life insurance coverage under the same plan. They decide to buy Bharti AXA Life Smart Invest Guaranteed Plan with the Joint life option. They opt for a single premium payment term with a policy term of 10 years now. They want to pay a premium of Rs. 5,00,000 (exclusive of taxes, rider premiums, underwriting extra premiums, if any). The Sum Assured at Maturity under this Policy is Rs. 8,37,505.

The below cases illustrate the benefits that Siddharth and his wife would receive under this plan.

#### Case I: On survival till policy maturity

They pay the due premium and if he and his wife both survive till the end of 10<sup>th</sup> year, they will be entitled to receive a Maturity Benefit of Rs. 8,37,505

**Case II: Death during Policy Term (First death)**

In the example above, in case of Siddharth’s death during the policy term in the 8<sup>th</sup> year, his family would receive death benefit of Rs.7,00,000 immediately on his death. Further the policy continues for his wife.

**Case III: Death during Policy Term (Second death)**

In case of subsequent death of the wife in the 9<sup>th</sup> year, the nominee will receive death benefit of Rs. 50,50,000. And the policy will terminate.

*All the above examples are for illustration purposes only.*

**What premiums do I need to pay?**

Premium Rates vary by age, gender, premium payment term and policy term. In case of female life, a 3-year age set back would be applied on the male rates. Further, note that the female rate for the first three entry ages for each benefit option shall be set equal to the corresponding male rate at the minimum entry age.

**Premium payment mode:** You may choose monthly\*, quarterly\*, semi-annual or annual premium payment mode. The factors applicable for each mode are as given below.

Mode	Modal Factor
Annual	1 of Annualized Premium
Semi-Annual	0.5075 of Annualized Premium
Quarterly*	0.2558 of Annualized Premium
Monthly*	0.0857 of Annualized Premium

\*Through ECS pay only

**Advance Premium**

For monthly premium payment mode policies, the Company may accept 3 months premium in advance only on the date of commencement of the policy.

In case of advance premium:

- Collection of advance premium shall be allowed within the same financial year for the premium due in that financial year
- The premium so collected in advance shall only be adjusted on the due date of the premium.

**What happens if I am unable to pay premiums?**

We recommend that you pay all your premiums on the respective due dates to enjoy the policy benefits. However, we also understand that sudden changes in lifestyle like an increase in responsibility or an unexpected increase in household expenses may affect your ability to pay future premiums.

You have following flexibilities in order to ensure that your benefits under the policy continue in full or part.

**Grace Period:** Grace period is the period after the premium due date, during which you may pay your premiums without any impact on the policy benefits. During the grace period, the Policy is in-force including risk cover under the Rider. The grace period is 15 days for monthly mode and 30 days for annual/ semi-annual/ quarterly premium payment modes. In case of the death of the Life Insured during the Grace Period, the death benefit after deducting the unpaid due premium shall be payable. During the Grace Period, the policy will be in force. The nominee will not have any rights or obligations except to receive the benefits under the policy.

**If the Policy has not acquired Surrender Value:**

If you stop paying premiums anytime in the first two years, your policy will lapse after the completion of Grace Period and your insurance cover will cease to exist. You can revive the policy within the period allowed for revival of the policy. At the end of the revival period if the policy is not revived, then the policy will be terminated and no benefits will be payable.

Note that in case of Single Pay, the Policy acquires surrender value immediately on payment of the single premium.

**If the Policy has acquired Surrender Value:**

If you stop paying premiums any time after you have completed payment of premiums for two full years, your policy will be converted into Paid-up Policy after the completion of Grace Period and all the guaranteed benefits under the Policy would be reduced and calculated as given below. You have the option to revive the policy within the period given for revival of the policy. At the end of the revival period if the policy is not revived then the policy will continue in Paid-up status and only the Paid-up benefits will be payable. The timing of reduced benefits under a Paid up Policy remains unaltered. The manner of payout of the maturity benefit shall also remain unaltered.

The Paid-Up Benefits are defined as below:

Paid Up Benefits	Paid Up Benefits Payable				
Death Benefit	Paid up Factor * Sum Assured on Death				
Maturity Benefit	Paid up Factor * Sum Assured on Maturity Guaranteed Additions accrue only if the premiums of the policy are fully paid up.				
Surrender	Surrender Value shall be higher of Guaranteed Surrender Value and Special Surrender Value

The SSV factors are not guaranteed and may be changed in future subject to prior approval of the Authority.

**Revival:**

You have the flexibility to revive your lapsed/ paid-up policy within the revival period of five years after the due date of the first unpaid premium, subject to the terms and conditions the Company may specify from time to time.

For Revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and applicable taxes. The revival interest rate may be changed by the Company from time to time, subject to prior approval from IRDAI. The revival interest rate will be calculated on the 1st of April every year and will be derived as average of last six months 10-year G-Sec\* yield of the immediate last financial year plus 2%. The current revival rate of interest for FY22-23 is 8.65% p.a. simple interest.

**Can I surrender my policy?**

We would want you to pay premiums regularly till the end of your premium payment term to get maximum benefits under the policy. However, in case you are not able to pay all premiums and want to exit the policy earlier, then only surrender value will be payable to you.

**Surrender Value:** In case of Single Pay, the Policy acquires surrender value immediately on payment of the single premium. In case of Limited Pay, the policy acquires a surrender value only after two full year premiums have been paid. On surrender post the Policy acquires surrender value, you will receive the higher of:

- Guaranteed Surrender Value (GSV)
- Special Surrender Value (SSV)

Surrender Value shall be higher of Guaranteed Surrender Value and Special Surrender Value and is explained below

Option	GSV	SSV
Single Pay	GSV factor * Total premiums paid	SSV Factor * Sum Assured on Maturity
Non-Single Pay	[GSV factor * Total premiums paid] plus [GSV factor for Guaranteed Additions * Guaranteed Additions accrued till date of surrender, if any]	SSV Factor * [Paid up Factor * Sum Assured on Maturity] plus SSV Factor * [Guaranteed Additions accrued till date of surrender, if any.]

  - d. the date of rider to the Policy
 whichever is later.  
 For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.
03. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance Policy:
  - a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
  - b. The active concealment of a fact by the insured having knowledge or belief of the fact;
  - c. Any other act fitted to deceive; and
  - d. Any such act or omission as the law specifically declares to be fraudulent.
04. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak.
05. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Insured / beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the Policyholder, if alive, or beneficiaries.
06. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which Policy was issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the Policy of life insurance is based.

08. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance Policy would have been issued to the insured.
09. The insurer can call for proof of age at any time if he is entitled to do so and no Policy shall be deemed to be called in question merely because the terms of the Policy are adjusted on subsequent proof of age of Life Insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
