In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these Financial Statements to give a true and fair view of the financial position, financial performance and Receipts and Payments of the Company in accordance with the requirements of the Insurance Act read with IRDA Act, the Regulations, orders/directions/circulars/guidelines issued by the Insurance Regulatory and Development Authority of India ('Authority'/'IRDAI') in this regard and in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, further amended by Companies (Accounting Standards) Amendment Rules, 2016 to the extent applicable and in the manner so required. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the Financial Statements, in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**3. Actuarial Method and Assumptions:**

Actuarial liabilities are calculated in accordance with accepted actuarial principles, Actuarial Practice Standards issued by the Institute of Actuaries of India, requirements of the Insurance Act, 1938 and regulations notified by the IRDAI.

The unit liability in respect of linked business has been taken as the value of the units outstanding to the credit of policyholders, using the published unit price at the valuation date. The non-unit reserve in case of linked policies is calculated using a prospective cash flow method. The liabilities under non linked policies (Individual and Single Premium group contracts) is calculated using the gross premium method

In case of one year group term Insurance contracts, Unearned Premium Method is used. In case of Group Term Insurance Contract with terms of more than one year, the gross premium valuation method is used.

In case of riders, liability is higher of Gross Premium reserves method and Unearned Premium method

Liabilities are calculated using assumptions for interest, mortality, lapse, expense, and inflation together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation with allowances for adverse deviations. The company has an annual process of reviewing the assumptions based on experience.

The interest rates used for valuing the liabilities are in the range of 4.9% to 6.75% per annum depending on the type of the product.

Mortality rates used are based on published mortality table-Indian Assured Lives Mortality 2006-08(modified) Ultimate, adjusted to reflect expected experience and allowances for adverse deviation.

Expenses are provided for at long term expected renewal expense levels. The renewal expense assumptions for individual business are INR 649 p.a. per policy inflating at 4.25% p.a. and 2.2% of premium.

If a policy which is in force as at the valuation date is subsequently cancelled in the free-look period, then there could be strain in the policyholder fund on account of the amount payable on free-look cancellations. In order to avoid any future strain provision equivalent to 3% of the new business premium collected during the valuation month is kept as Free-look reserves.

Certain explicit additional provisions are made, which include lapsed policies reserves, Incurred but not reported reserve (IBNR), NB Closure reserve, unearned premium reserve, substandard risk reserve, and reserve for AIDS etc.

## II. Risk Appetite

The objective of risk appetite framework is to ensure that appropriate governance, reporting, limits and decision processes have been set up to drive risk management decisions. It is a structured process applying at both regional and local entity level, to ensure consistency of risk tolerance, to have a clearly stated risk appetite, to monitor the accumulation of risks, and to manage its exposure on a regular basis.

Bharti AXA has a formalized and documented risk appetite framework and with clearly defined governance around the risk appetite. Local risk team reports the 1/20 year and 1/200 years sensitivities of key risks (as covered by the risk mapping) on financial indicators covering dimensions, namely Value and Capital (Solvency). The risk appetite is defined for financial, insurance risks. The risk appetite is then expressed by setting risk limits and alert levels on most relevant functional risk indicators, leading to regular tracking of exposures to ensure they are within limits, and to design and enforce action plans to resolve breaches if any.

Approval of the risk appetite shocks, alerts and limits to be identified and proposed by the local risk management team and validated through an independent source. This validation could come through an independent consultant or Shareholder (Bharti or AXA) representatives.

Local Risk Management Committee ('LRMC') would be presented the local entity's risk appetite position, and alert levels and limits on all functional risk indicators at least once every year, and should make all necessary decisions to manage risks consistently with their risk appetite.

CEO's should annually confirm their Risk Appetite statements. Breaches of local risk appetite limits should lead to action plan and should be reported to the Board Risk Committee and / or management-level Risk Committee

## III. Annual Risk Assessment Process by Functional Unit

An annual risk assessment is conducted at entity levels to enable a full refresh of each functional unit's risk profile. Management, assisted by risk function, is responsible for planning and facilitating the process. The risk profile is documented in each functional unit's risk register. It is important that there is a consistent and structured approach to identifying, analyzing, evaluating and managing risks. The approach is described below.

**Establish the context:** requires an examination of Bharti AXA's external and internal environment, risk appetite, key strategic objectives and stakeholders' expectations.

**Identify risks:** asks what, why and how risks can arise within the business i.e. "what are the uncertainties and their effects?"

**Analyze and rate risks:** assess identified risks in terms of Impact and likelihood in the context of the existing control environment.  
This requires the identification of controls that are in place to manage the risk also.

**Evaluate and manage risks:** based on the risk rating, the risk owner will identify the actions required according to the table below. The risk owner is also to inform the Risk Function of the risk rating for their validation, and update the relevant risk register for the risk. Action plan progress is monitored on a quarterly basis.

- Service tax on surrender charges: Director General Central Excise Intelligence (DGCEI) had initiated an investigation from April 1, 2009 to June 30, 2010 and May 1, 2011 to June 30, 2012 on Surrender charges collected and service tax paid thereon. The company is of the contention that there is no service tax liability on policies surrendered prior to July 2012 and has been duly paying service tax on surrender charges on policies surrendered post July 2012. DGCEI issued a show cause cum demand notice demanding service tax on policies surrendered prior to July 2012. The company filed its reply to the notice issued by DGCEI with Commissioner and subsequently, the Commissioner has passed the order demanding service tax of Rs. 55,003 (000) and Rs. 55,013 (000) of penalty. The Company has filed an appeal with Customs, Excise and Service Tax Appellate Tribunal (CESTAT) against the order of the Commissioner. **[Total Demand Rs.110,016 ('000)]**
- Reassessment of Income for AY 2007-08: In March 2014, the Company received a notice for re-opening of the assessment under section 148 for AY 2007-08 stating reasons that the income was not computed as per the provisions of Section 44 read with first schedule of the Income Tax Act. The notice was bad in law not only because it was time barred but also disregards the fact that the method of computation of income by the Company has already been accepted by the jurisdictional tribunal in the cases of ICICI Prudential Life Insurance Company Limited and HDFC Standard Life Insurance Company Limited. However, the Assessing Officer (A.O.) disregarding the objections of the Company passed an order in March 2015 reassessing the income for the year as Rs. 98,939 ('000) with a demand there on of Rs. 65,274 (000). While calculating the tax the AO has made an error by applying tax rate of 30% instead of 12.5% which is applicable to the income from life insurance business. Hence, the company had filed an application u/s 154 of the Income Tax Act, 1961 to rectify the mistake. The rectified order has been received on April 29, 2015 and the demand as per the revised order is Rs. 27,197 ('000). The Company filed an appeal before the Commissioner of Income Tax (Appeal) challenging the order. Favourable order has been received by CIT(A) on 6<sup>th</sup> February 2019 dropping the demand

- In the FY 2012-13, the office of the Director General of Central Excise Intelligence (DGCEI) had initiated an investigations from FY 2008-09 to FY 2012-13 on the agent's payouts made by the Company to find out whether the Company had discharged its service tax liability on such payouts correctly.

The Intelligence Officers issued a show cause notice on two Issues

1) As to why training fees incurred on behalf of the agents not be considered as the consideration received by the agents, to be chargeable to service tax under reverse charge mechanism.

2) As to why the Company should not deposit the amount of service tax recovered from its agents. The Company had submitted its reply in December 2013 with the Commissioner of Service Tax. Hearing with Commissioner took place on 7th March 2016. The Commissioner passed an order affirming the allegations as raised by DGCEI and has raised a demand of Rs. 27,977 ('000) towards service tax on Training fees incurred by the Company from FY 2008-09 to FY 2012-13 and Rs. 1,723 ('000) towards training fees incurred by the Company in the FY 2013-14. The Commissioner has raised a demand of Rs. 15,424 ('000) towards service tax recovered by the Company from its commission agents. The Commissioner has levied penalty of Rs. 32,769 ('000) on the above. The Company is contending that the Training expenses are incurred as a mandatory requirement of IRDAI, hence it cannot be considered as a consideration in relation to services provided by the agents. With respect to the demand of service tax recovered by the Company from its agents the Company is of the view that it has already paid the service tax to the central Government on the commission paid to its agents under reverse charge mechanism and has recovered the same as per the commercial understanding between the Company and its agent and service tax department cannot demand service tax again on such transactions. The Company has filed appeals before CESTAT against the orders of the Commissioner. **[Total Demand Rs.77,893 ('000)]**

- On the basis of the above order the Service Tax department issued a SCN on similar grounds for the FY 2014-15 which was adjudicated by Additional Commissioner who passed an order demanding service tax of Rs. 1,581 ('000) on the training charges incurred on agents along with penalty of Rs. 158 ('000). The company is contending that the Training expenses are incurred as a mandatory requirement of IRDAI and it cannot be considered as a consideration in relation to services provided by the agents. The company has filed an appeal with commissioner of Excise (Appeals) on 8th Nov 2016. **[Total Demand Rs.1,739 ('000)]**

- During the course of Excise Audit 2000 conducted by the Service Tax Department it was alleged by the department that the company had been wrongly availing CENVAT Credit to tune of Rs 2,140 ('000) of the Service tax paid on certain impugned Services namely.-1) Employee benefit, 2) Refurbishment, 3) Custody fees, etc.

The assistant commissioner issued an order disallowing the CENVAT credit on the above expenses incurred by the company appropriating the service tax already reversed by the company amounting to Rs 755 ('000) and levying interest of Rs 459 ('000)/- and levying penalty of Rs 2,140 ('000). The company is contending that the expenses disallowed had a nexus with provision of output services of the company and should not be disallowed. The company has filed an appeal with commissioner of Central Excise (Appeals) on 9th March 2017 against the said impugned order. **[Total Demand Rs.3,984 ('000)]**

- During the course of the Excise Audit 2000, the company submitted premium reconciliation statements to the Excise auditors. In spite of the numerous submissions and numerous hearings SCN was issued by the auditors, which alleged that reconciliation provided by the company is without any corroborative evidence and there was a short tax paid by the company. The Assistant commissioner issued an order demanding service tax amounting to Rs 3,084 ('000) along with interest at appropriate rate and penalty of Rs 3,084 ('000) in terms of Section 78 of the Act and penalty of Rs 10 ('000) under Section 77 of the Act.

The company is contending that the auditors in their report and the order of the commissioner had considered Advance and Outstanding premium on ULIP products whereas service tax is to be paid on the charges recovered from the policy holders. The company had in its various submission pointed the above facts along with various evidences to depict that tax liability has been correctly discharged. The company had filed an appeal with Commissioner of Central Excise (Appeals) on 26 April 2017 and the Commissioner has passed the order dated 19 March 2018 partially allowing the appeal. The company is in the process of filing an appeal before CESTAT for the grounds which has not been allowed **[Total Demand Rs.6,178 ('000)]**

**19. Segment Reporting**

In accordance with the IRDAI Financial Statement Regulations read with Accounting Standard - 17 on "Segment Reporting" prescribed in the Companies (Accounting Standards) Rules, 2006, life insurance companies are required to prepare Segmental Revenue Account and Segmental Balance Sheet. The Company's business is segmented into Individual Participating Life, Individual Participating Pension, Individual Non-Participating Life, Individual Non-Participating Health, Linked Pension, Linked Life, Linked Group Gratuity and Group Non-Participating business. Since the Company has conducted business only in India, there is only one geographical segment. The accounting policies used in segmental reporting are same as those used in the preparation of the financial statements.

Income, expenses, assets and liabilities directly attributable or allocable to the segments are recorded and disclosed under the respective segments in the Segmental Revenue Account and Balance Sheet.

a) Revenue and expenses, assets and liabilities, which are directly attributable and identifiable to the respective segments, are considered on an actual basis.

b) Other revenue, expenses, assets and liabilities which are not directly identifiable to a business segment though attributable and other indirect expenses which are not attributable to a business segment are allocated based on one or combination of some of following parameters, as considered appropriate by the management:

- Number of policies
- Collected premium
- Sum Assured
- Priced expense
- Funds under management
- Number of claims

In addition the excess of actual expenses over allowable in each segment are charged to shareholders' account as per the IRDAI (Expenses of Management of Insurers Transacting Life Insurance Business) Regulations, 2016.

c) The Company allocates Income-tax, if any, to each line of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of financial statements. Accordingly, tax charge / credit on surplus / deficit arising from each line of business is disclosed separately in the Segmental revenue Account.
